

Internet Privacy Statement

This statement describes how information is shared and collected on our website.

Please review it carefully.

Your Information

Information shared on our website is encrypted (encoded) and protected using "Secure Socket Layers (SSL)". We follow best practices to protect any information that is shared with us online. However, no method of transmission is guaranteed to be 100% secure. Therefore, while we strive to use commercially acceptable means to protect your personal information, we cannot guarantee its absolute security. If you feel your information has been compromised, please notify us using our contact us page (Information Technology).

Data Collection

We use various technologies to collect and store information when you visit our website, and this may include using cookies or similar technologies to identify your browser or device. Cookies are small files which are stored on a user's computer. They are designed to hold a modest amount of data specific to a particular client and website, and can be accessed either by the web server or the client computer. They do not identify personal information about the user. Any data collected, such as IP addresses or cookie identifiers, will be used in accordance with our privacy policy and the search engine's privacy policy. You can set preferences for how your Internet browser advertises to you using their Privacy and Security settings. You can also opt-out of targeted ads by visiting www.youradchoices.com/control.

Terms

Changes to the terms of this statement

We can change the terms of this privacy statement. The new statement will be available upon request, in our office, and on our website.

This privacy statement is effective as of November 17, 2017
